**Information for Students**

**Welcome to Active Rehabilitation Physiotherapy!**

*Active Rehabilitation Physiotherapy* is a private practice based at the Mater Private Hospital in South Brisbane. We service inpatients in the Mater Private and Brisbane Private Hospitals. We service outpatients in our on-site rooms in the Mater Medical Centre and in our practices at Annerley, Hope Island and Brookwater. Our outpatient clinics incorporate large outpatient treatment areas, a fully-equipped gymnasium and extensive administrative support.

*Active Rehab* employs over twenty physiotherapists who practice in the areas of medical, surgical, cardiac, acute neurological, haematology/oncology, gerontology, children's continence, men's and women's health, orthopaedics, musculoskeletal and sports physiotherapy. Physiotherapists within the team also provide services in extended scope areas of practice, including clinics in collaboration with some of Brisbane's top Medical Specialists. *Active Rehab* has provided full-time clinical education for final year physiotherapy students since 2008.

Our Clinical Educators are senior Physiotherapists who have special interests in areas such as ICU, oncology, and orthopaedics. One or more of these educators may assist you during your placement.

**Your First Day**

*Active Rehabilitation Physiotherapy*  
Level 3 Mater Medical Centre,  
293 Vulture Street, South Brisbane.

*Commencement Time:*

- 8.00am
- You will be provided with a detailed weekly schedule on your first day

*What to Wear / Bring:*

- Arrive professionally attired in your uniform
- Wear closed-in shoes
- Bring your student identification
- Bring your own stethoscope

Please be aware that as soon as you arrive on the Mater Private campus, you are representing both your University and *Active Rehabilitation* and the hospital. There may be patients already in the outpatient clinic, and other Physiotherapists organising their day before you arrive, so please ensure that you conduct yourself in a professional manner.

**Transport & Parking Options**

Please refer to our website, under the South Brisbane location, for maps and details regarding directions, transport and parking options.

**Belongings**

Storage is available for your belongings. Please be mindful that space is shared, so avoid bringing very large bags.

**Lunch Options**

A fridge is available for lunch storage.

There are several options for purchasing lunch:

- Hospital Staff Canteen: hot meals, assorted sandwiches, salads and other items
- Chloe's Café and The Coffee Club
- Subway
- Hana Sushi

**We look forward to working with you.**
